Subject: Falcon - Public Meeting Scheduled for December 5th Wednesday; Meetings with San Patricio County Judge, Commissioner, and Safety Director, and Ingleside City Manager
Date: 11/02/2007 08:32 PM

Community involvement activities for Friday November 2nd:

David, I spoke with Dee Guajardo (City of Ingleside). The meeting room at City Hall is available for our public meeting for December 5th Wednesday. I scheduled the public meeting from 7 pm to 9 pm (we can change it to 7:30 if needed). I also spoke to the Community Services assistant and she will advertise our meeting on the main street marquee (spelling?) as soon as we can give her the text for the message. There will be no charge for the meeting space or the electronic message. I will give you the contact information when I get back to the office. We also need to schedule a Team Meeting to discuss "homework" and the public meeting's format.

I also met with Judge Terry Simpson (San Patricio County Judge), Jim Price (County Commissioner), and Ski Zagorski (Safety Director), at the courthouse, and provided them with an update on the current remedial activities at the Site and the planned public meeting. Paul Supak (Kleinfelder), the site manager for the PRP's contractor, provided them with an update on the ongoing removal action. They were all appreciative of our update and plan on attending the public meeting. Also, Mr. Price requested that we public notice the meeting in the Aransas Pass newspaper.

I also met with Jim Gray, the new (8 weeks) City Manager for Ingleside, and also provided him with an update on the Site and the planned public meeting. He requested a site tour before the public meeting. I scheduled a tour for Tuesday December 4 at 9 am.

I also inspected the Site Repository at the City Library and it is complete, except for the final RI/FS deliverables we just approved.

Let's get together next week (hopefully Monday, I travel on Tuesday) to finalize the plans. I am currently preparing a draft fact sheet, for the mass mailing, and will forward it to you and NORCO for comment.

Later.
